COMMUNITY HEALTH CENTER

Welcome to Molokai Community Health Center's Patient Discount Program

MCHC welcomes all their patients without health insurance benefits to apply for the Patient Discount Program. To be eligible, you must be a patient/user of MCHC's medical, behavioral, and/or dental services. Our discount program fees are set by our Board of Directors (local Molokai Community Members) as defined by the National Poverty Level.

Our services are not free. The minimum payment is \$10 for medical services, \$20 for behavioral health services, and \$30 for dental services. However, higher co-pays may apply to some dental procedures.

Pharmacy minimum payments are \$5 for generic and \$10 for brand name drugs, and are payable directly to/at Molokai Drugs, Inc. Pharmacy discounts cannot be applied to prescriptions until applications have been approved. Molokai Drugs, Inc. will not allow you to fill your prescription(s) on a pending or expired patient discount program.

To expedite processing of your application, please be sure all information is accurate. Patient discount is valid for 12 months and must be renewed annually.
